

Dear CAWIC Members, Friends and Colleagues,

The Canadian Association of Women in Construction invites you to its 13th Annual Golf Day, on October 2nd, 2018, to be held at the renowned Piper's Heath Golf Club, in Milton, Ontario. This tournament promises to be a great day, and we have planned to make this year's event the best yet! Don't forget that this event is open to both female and male golfers.

Our Annual Golf Day is pivotal in continuing the success of CAWIC's Bursary program. This program awards bursaries to women who demonstrate a financial need and a passion for entering the construction industry. Many women don't consider a career in construction but with our support we open doors for women to enter an industry that provides rewarding opportunities. CAWIC has awarded numerous bursaries yearly since 2005. All proceeds go to educating, training, mentoring, and supporting women in pursuit and development of their careers in construction.

CAWIC needs your participation and support! Does your organization support the employment of women in construction related careers? Then this is the event of the year where you can market your business by contributing to the empowerment of women in their pursuit of fulfilling a rewarding career in the construction industry. Sponsorship and donation opportunities are available; we hope that you will find a contribution level that works best for you and your organization.

Come out for a fun and enjoyable day of golf, networking, cuisine and prizes! Meet men and women from large corporations along with smaller business owners whose services contribute significantly to the construction industry and all actively support the employment of women in construction related fields.

Learn what CAWIC stands for and how rewarding it is to be a part of this passionate organization.

We look forward to your support!
